

For more information on agriculture and farming in our community, visit www.BurgyAg.weebly.com

Williamsburg Farm & Agriculture Guide

Agriculture is a vital part of Williamsburg, past and present. The Town of Williamsburg is committed to ensuring the continuation of agriculture in our community, despite our rapid residential development.

Agriculture is important to our town for the local production of fresh food and forest products, as a source of local employment, and for the environmental value that agricultural land provides, such as clean air, scenic beauty, and open space.

Williamsburg Agricultural Commission
Town Offices, 141 Main St.
Haydenville, MA 01039

Williamsburg is a Right-to-Farm Community!

The Right-to-Farm Bylaw promotes agriculture, educates citizens about agriculture, and encourages its acceptance in our community.
